

JULY 2007
STAR FRAMED PATRIOTIC BLOCK

Cutting Directions:

Using reds, blues, and white/off white fabrics cut the following:

For center: (1) 4-1/2" square of patriotic print

Frame: (2) 1-1/2" X 4-1/2" strips of red or blue

(2) 1-1/2" X 6-1/2" strips of red or blue

Corner squares: (4) 3-1/2" squares of light (white/off-white) background color

Star points: Make 4 flying geese units that are 3-1/2" X 6-1/2" unfinished.

Use background color for geese and your choice of red or blue for the wings.

Use your favorite method as told by Joyce Triezenberg at the May meeting.

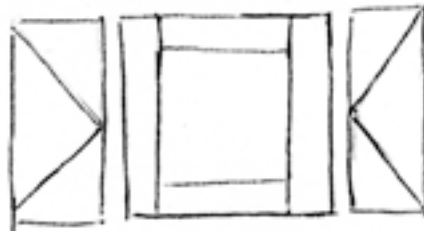

Construction:

Frame center square with 4-1/2" strips to top and bottom, then add 6-1/2" strips to sides.

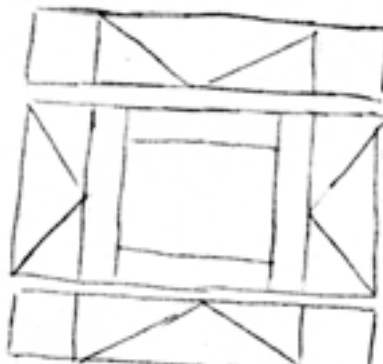

Drawings not accurate or to scale.

Add a flying geese unit to each side of framed center, with points going outward.

Sew background squares to each end of other 2 flying geese and then attach one top and other to bottom of center unit, making sure points are going out to form a star.

See, is easy, why not make a few more???
