

A Special Collection For Joplin, MO. Quilters

Among the many losses experienced by people in Joplin, MO, as the result of their recent tornados, one loss can easily turn our heads as fellow-quilters. The Town & Country Quilters Guild, long an active and vital source of charity quilts for the needy of Joplin, lost their guild's "storage house" in addition to the loss of so many individual members' homes.

Now, when the need is so great, gone are all their supplies used in the making of their charity quilts.

We would like to ask our Appleseed Quilters Guild members to go through your quilting supplies and bring in any extra rotary cutters, cutting mats, batting, or other easily-mailed quilting notions you may be able to donate to get them back on their feet. We'll be collecting these supplies at the upcoming Tuesday, JULY 5th, 2011, Guild meeting.

Or, if you'd rather, bring in a monetary donation, and we'll send them a check so their guild can purchase larger, more difficult-to-ship items right there in Missouri.

We'll be sending our Guild's heartfelt good wishes and July donations to:

The Town & Country Quilters Guild
